No Requirements				

ENERGY EFFICIENCY

General	
4.201.1 Low-rise residential buildings shall meet or exceed the minimum standard design required by the California Energy Standards.	See Name 24, Part 6, for compliance forms and necessary documentation required by the California Energy Standards.

The following section shall be completed by a person with overall responsibility for the planning and design portion of the project.

DECLARATION STATEMENT

- I certify under penalty of perjury, under the laws of the State of California, the information provided is true and correct.
- I certify that the installed measures, materials, components, or manufactured devices identified on this certificate conform to all applicable codes and regulations, and the installation is consistent with the plans and specifications approved by the enforcing agency.
