

PROJECT TITLE: Quinientos Street Bridge Over Sycamore Creek Replacement Project

PROJECT OVERVIEW: The project will involve replacement of the existing functionally obsolete bridge with a new structure that meets current applicable Federal Highway Administration, City, American Association of State Highway and Transportation Officials, and Caltrans design standards.

PROJECT BENEFITS:

The replacement bridge will be constructed in accordance with requirements of the federal-aid Highway Bridge Program, Environmental Permits, current American Association of State Highway and Transportation Officials and Local standards. Additional lighting will be added near the new bridge along with non-invasive native riparian plantings.

QUICK FACTS

Location: Quinientos Street between Canada Street and Soledad Street

Construction Schedule: 14 months: spring 2017

Total Project Costs: \$5,622,500
