

PROJECT TITLE: Anapamu Street Bridge Over Old Lower Mission Creek Replacement Project

PROJECT OVERVIEW:

The bridge is located on Anapamu Street between San Pascual and San Andres Streets. The project will involve replacement of the existing structurally deficient bridge with a new structure that meets current applicable Federal Highway Administration, City, American Association of State Highway and Transportation Officials, and Caltrans design standards.

PROJECT BENEFITS:

The project will replace an existing structure that was constructed in 1926 and has been identified by Caltrans as being structurally deficient. The project will provide a new bridge on Anapamu Street and will enhance the pedestrian experience in this area.

QUICK FACTS

Location: Anapamu Street between San Pascual and San Andres Streets
Construction Schedule: 12 months: summer 2017

Total Project Costs: \$5,415,000

Funding Source: Highway Bridge Program
