

## HLC Discussion Agenda

TITLE: Historic Landmarks Commission  
DATE: 7 December 2011  
PROJECT: Santa Barbara Museum of Natural History  
LOCATION: David Gebhard Meeting Room  
PARTICIPANTS: Louise Boucher, Michael Drury, William La Voie, Fermina Murray, Judith Dodge Orias, Craig Shallanberger, Donald Sharpe, Philip Suding, Jaime Limon, Danny Kato, Peter Lawson, Karl Hutterer (MNH), Barbara Barker (MNH), Gary Robinson (MNH), Suzanne Elledge (SEPPS), Susette Naylor (TNA), Susan Van Atta (VAA), Walter Schacht (SAA)

---

### I. Follow Up to the November 9 Meeting

Commissioners' Thoughts, Ideas, Reflections and Comments

### II. Museum Team's Design Precedents Study

### III. Building Section/Program Use/Zoning Height Limit Diagrams

### IV. Commissioners' Guidance for the Museum

#### Question 1

Should the Museum continue to develop, articulate and refine the design of the proposed new structures based on the following aspects of the Alternative 1 drawings presented on November 9:

- the configuration of building footprints?
- the size, mass, bulk, height and scale of the buildings?

#### Question 2

What are the opportunities for a modern expression of the Spanish Colonial Revival Style? For example, is the exploration of opportunities to connect indoors and outdoors through the use of significant glazed openings conceptually appropriate and acceptable considering the unique opportunities of the site and program?

#### Question 3

Is the use of flat roofs as proposed by the Museum conceptually appropriate and acceptable considering relevant historic design precedents, zoning height limitations and opportunities to maximize solar access?
