## III. **STAFF HEARING OFFICER APPEAL:**

**ACTUAL TIME: 1:07 P.M;**  
**ACTUAL TIME: Heard at 4:47 P.M.**

**APPEAL BY TONY FISCHER OF THE APPLICATION OF T-MOBILE FOR THOMAS THOMPSON, 3230 STATE STREET, APN 053-332-030, C-2 COMMERCIAL/SD-2 SPECIAL DISTRICT OVERLAY ZONES, GENERAL PLAN DESIGNATION: GENERAL COMMERCE (MST2006-00574)**

The 15,000 square foot project site has frontage on both State Street and Calle Alamo. Existing development on site consists of a commercial building. The proposed project involves a new unmanned wireless communication facility. The proposal consists of a panel antenna installation, demolition of an existing storage area, and the construction of new equipment and trash storage areas. The discretionary application required for this project is a Modification to permit the alterations/installations to be located within the required twenty-foot (20') front yard setback facing Calle Alamo (SBMC §28.45.008). On October 24, 2007, a public hearing was held and the Staff Hearing Officer approved the request as submitted. This is an appeal of that action.

The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Guidelines Section 15301.

**IV. DISCUSSION ITEM:**

**ACTUAL TIME: 1:28 P.M.**

**APPLICATION OF CITY OF SANTA BARBARA REDEVELOPMENT AGENCY, PLAZA DE LA GUERRA, APN: 037-092-037, C-2/PR LIMITED COMMERCIAL/PARKS & RECREATION, GENERAL PLAN DESIGNATION: MAJOR PUBLIC AND INSTITUTIONAL – CITY HALL AND GENERAL COMMERCE (MST2007-00496)**

The project scope for this project has not been finalized. City Council will finalize the project scope for environmental review purposes after this Planning Commission hearing. Potential project components, set forth for discussion purposes, may include electrical hardware relocation, a new refuse enclosure for City Hall and nearby restaurant use, a new hardscape path across the park lawn, a decorative water element or fountain, possible flagpole relocation, parking changes to accommodate more park uses leading to a potential loss of up to 35 on-street public parking spaces on the site by disallowing parking within the Plaza de la Guerra loop but continuing to allow deliveries in morning hours, implementing one-way driving and diagonal parking on De la Guerra Street to accommodate 16 more parking spaces on De la Guerra Street, potential designation of up to 10 spaces in the City Hall parking lot for public use, raised roadway surfaces to create a level main park area with no curbs, outdoor dining use expanded into the southwestern corner of the park area, installation of bollards along De la Guerra Street and potentially in other areas of the park to limit vehicle access, landscaping improvements including new perimeter trees in the park, outdoor lighting improvements, and potential signage from State Street to direct pedestrians to the Park.

The purpose of the concept review is to allow the Planning Commission and the public an opportunity to review the potential project components at a conceptual level and provide the Applicant and Staff with feedback and direction regarding the proposals. The opinions of the Planning Commission may change or there may be policy or ordinance changes that could affect the project that would result in requests for project design changes. **No formal action on the development proposal will be taken at the concept review, nor will any determination be made regarding environmental review of the proposed project.**

Upon review and formal action on the application for the development proposal, the proposed project will require the following discretionary applications:

1. Historic Landmarks Commission A Historic Landmarks Commission Design Review application is required. (SBMC§22.22.130); and
2. Sign Committee A Design Review application for Sign Committee is required if signage components are included. (SBMC §28.70.030)
