

## NOTICE OF PUBLIC HEARING OF THE SINGLE FAMILY DESIGN BOARD

The Single Family Design Board (SFDB) will hold a public hearing to give the public an opportunity to be heard and offer comments early in the review process on architectural design related issues regarding the subject property below:

### **2010 EMERSON AVE**

Application Number: MST2009-00294  
Assessor Parcel Number: **025-401-002** Zone: **R-2**  
Owner: SIMON CHARLES BRADFORD/CATHY ANN

**Project Description: Proposal to abate violations in ENF2009-00219 by permitting as-built alterations to the second floor of the existing 1,981 square foot single-family residence. The project includes replacement of the American four square gable dormer with a full front gable with French Doors and roof deck, addition of two side-facing gable dormers totaling 71 square feet, replacement of the widow's walk, replacement of the rear kitchen window and rear door, and removal of paving in the front yard. Staff Hearing Officer approval of three modifications is requested: to allow a small portion of the roof of the front gable to increase in height within the interior setback; for the north side dormer to exceed the solar access limit; and for the circular driveway to remain in the front setback. The proposed total of 2,052 square feet on the 8,739 square foot lot in the Mission Area Special Design District is 83% of the maximum floor to lot area ratio.**

Public comments will be allowed during review of the project by the SFDB. The SFDB is a body appointed by the City Council to focus on neighborhood compatibility, aesthetics, and design issues. Comments on private views and privacy issues are only partially within the SFDB's authority. Due to time constraints, individual comments may be limited to two minutes.
